

Please DO NOT weaken Wisconsin's No Call List law. Since the law went into effect, my family and I have enjoyed getting fewer interruptions (especially at dinner time) from telemarketers. We, like many other Wisconsin citizens, prefer to choose what to buy and where to buy it. And the fact that we may have had previous business dealings with a company should not be taken as an open invitation for continued sales. In fact, if a product didn't live up to that company's claims, it would be even more reason NOT to continue doing business with them! Please do not attack Wisconsin's No Call List! Thank you.
